HELPS BUILD COMMUNITY

This is not just a choir! This is a group collaborating with each other and connecting through music. Choirs are teams that belong together as a unit, and through rehearsals and performances, singers become friends.

SUPPORTS ACADEMIC GROWTH

Studies show that students who participate in a chorus get significantly better grades than children who have never sung in a choir. Choir participation also increases memory skills.

BONUS: Students that sing in the RCS Chorus will receive *extra credit* in music class!

OFF-CAMPUS OPPORTUNITIES

There are plenty of middle school chorus festivals, and the RCS Chorus will get the chance to perform and learn from other professionals. (Often, these middle school chorus festivals end with a visit to an amusement park!) Not only that, but there are community outreach opportunities such as singing at nursing homes, gigs for holidays, etc.

SELF-CONFIDENCE BOOST

We all love to sing in the car and the shower, but many of us are scared to get up in front of people and sing alone. In a chorus, singers are getting performance experience while learning TOGETHER, which helps them gain confidence. Singers will learn about leadership and they will learn how to use their voice both musically and authoritatively.
