

June 2025

Happy Summer families of future RCS First Graders!  
Please use the attached Superkids packet as the basis for your summer work for incoming First Graders. At the end of the summer, you only need to turn in the Reading Log. (Page 34) You can make multiple copies of this page as needed. For Math, please practice addition and subtraction facts to 12. This will make sure your child is ready for our first Math Unit of First Grade. You can practice facts with online games, rolling dice, using playing cards or any other strategy that works well with your child. Enjoy the summer months and please know we are looking forward to having your child in First Grade at RCS next year.
