Finding Evidence & Setting

Directions: Comb through a section of your summer reading book and highlight specific words, phrases, or sentences that give you a detailed picture of the setting. Once you've completed this step, you will then draw the setting on this page (using the pieces of evidence from the text that you highlighted to guide you). Finally, you will **write** the actual quotes from the text next to every part of the setting that you have included. Please make sure to include ***at least three*** different pieces of evidence from the text!

Teacher Example #1

Title of Literary Work:

The Night Before Christmas by Clement C. Moore

Essay Question:

What adjective would you use to describe Santa?

EVIDENCE
(in your own words)

Santa is **hard-working** (adjective) in *The Night Before Christmas*

QUOTE FROM THE TEXT
(include page #)

"He spoke not a word, but went straight to his work, and filled all the stockings then turned with a jerk" (18).

JUSTIFICATION

This quote illustrates that Santa's **hard-working** nature **because** he immediately gets to work filling the children's stockings. He knows he has many homes he must visit tonight, and there is simply no time to waste.

Santa is **caring** (adjective) in *The Night Before Christmas*

"But I heard him exclaim as he drove out of sight, 'Happy Christmas to all and to all a good night!'" (21-22).

This quote proves Santa is **caring** **because** he wishes the family a special Christmas goodbye. Santa could have simply just left the house without saying anything, but instead he takes a moment (even though he has to be many other places) to show the family he cares about them.
